

WEST AVENUE

New Build
Executive modern detached house
4 Bedrooms, 3 storey plus structural basement.

SIP Build manufactured this traditional and sympathetically designed home. This project featured 150mm SIP wall and Roof Construction with 100mm SIP internal walls. This project also featured PV Roof tiles, Rainwater harvesting and high technology MVHR system. Due to the clients attention to detail this project provides 2000 sq.ft comfortable living accommodation with minimal annual running costs.
